ODISHA : AN OVERVIEW

Odisha, formerly Orissa, is a state in Eastern part of India, with an area of 60,162 square miles (155,820 square km) and population of almost 42 million. The capital city is Bhubaneshwar, and other major cities in the state are Cuttack, Sambalpur, and Rourkela. Odisha is the 8th largest Indian state and the 11th most populous.

Odisha is bordered by the states of West Bengal to the north east, Jhārkhand to the north west, Chhattīsgarh to the west, Andhra Pradesh to the south, and has about 482 km coastline along the Bay of Bengal.

Odia is the most widely spoken language in the state and is used on an official basis alongside English.

Modern–day Odisha falls under the boundaries of the ancient kingdom of Kalinga in the 3rd Century BC, and the state is still sometimes referred to as Kalinga.

Odisha is also known as Utkal, and is mentioned in the Indian National Anthem, Jana Gana Mana, under this name. The Orissa province was founded on the 1st April 1936, and the anniversary is celebrated as *Utkal Dibas* throughout the state.

Odisha has a rich culture, the Odissi classical dance form originates from the state and Odia cuisine is well–renowned for its seafood dishes and desserts.

Popular tourist destinations in Odisha include the Konārk Sun Temple which is one of the World Heritage sites in India, the Udayagiri and Khandagiri caves, the Puri Jagannath Temple, Chilika Lake, Simlipal, Daringbadi. Chilika Lake is a brackish water lake and a shallow lagoon with estuarine character spread across the districts of Puri, Khurda and Ganjam in the state of Odisha in eastern India.

Odisha has successfully hosted several sports events as Asian Junior Women's Rugby Tournament, the 22nd Asian Athletics championship, and the Men's Hockey World cup in 2018 & 2023.

The state of Odisha occupies an important place in the country having a high concentration of Scheduled Tribe and Scheduled Caste population. As per the latest 2011 census, it is ranked third (numerically) in terms of ST population whereas its position is eleventh (numerically) in terms of SC population in the country. Scheduled Tribes and Scheduled castes together constitute nearly 40% of the state's total population (S.Ts 22.85% and S.Cs 17.13%)

How to find distance between two cities
(for example between Jagatsinghpur and Puri) Run your finger along the horizontal line in front of Jagatsinghpur and move the other finger upwards from Puri. The place where both meet is the desired distance i,e 75 km
